Re: ! AYPORALESTATE.COM !
TREC Approved Continuing Education (CE) Provider

Your renewal application to become a CE provider for another two-year term is approved and your new expiration date is provided above.

There are established standards for TREC approved CE programs so please be reminded of the following:

- Read and become familiar with the current version of [Subchapter G](#) of the Rules of the Commission relating to CE providers, courses and acceptable instructors.
- Courses offered for CE credit must first be TREC-approved
- Ensure that your instructors have current approval to teach CE courses (as evidenced by an approval letter from our office)
- CE credit will not be awarded for courses offered if the provider, course or instructor approval is expired
